

# User Validation Testing

## Sign Up:

1. If the user clicks sign up without filling the fields.

**Result:** Appropriate messages are displayed.

The screenshot shows a 'SIGN UP' form with a pink background. At the top, it says 'You must be over the age of 18 to sign up to our service.' and 'Already have an account? Then please [sign in](#).' Below this are input fields for 'E-mail address', 'E-mail address confirm', 'Username', 'Password', and 'Password (again)'. A checkbox labeled 'I certify that I am 18 years old.' is present. A 'Sign Up' button is at the bottom. A validation message 'Please fill out this field.' with an exclamation mark icon is displayed over the 'E-mail address confirm' field.

**Conclusion:** Test successful.

2. If the user clicks sign up without certifying the age.

**Result:** Appropriate message is displayed to certify the age.

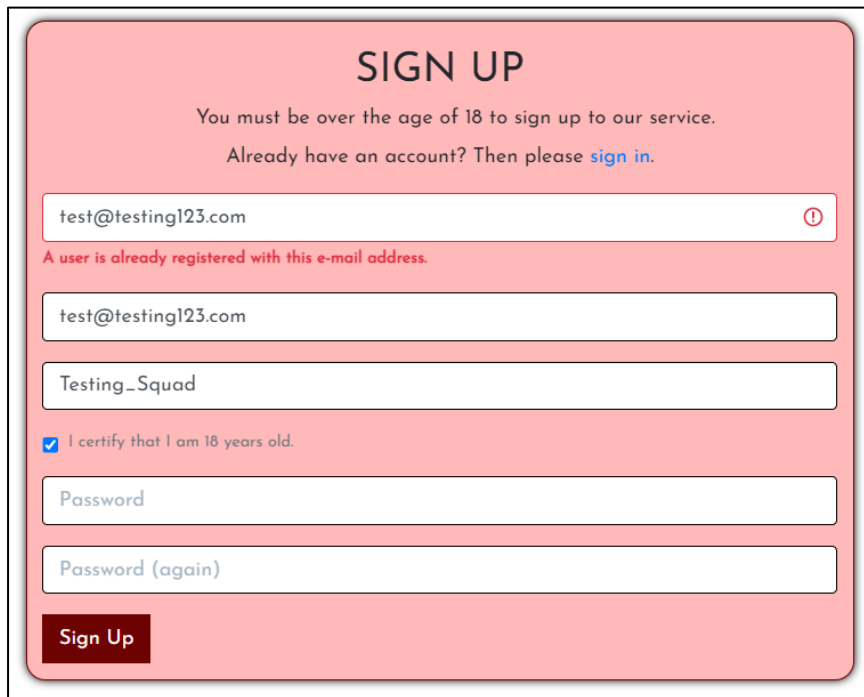

The screenshot shows the same 'SIGN UP' form as before, but with the following details: the 'E-mail address' field contains 'test@testing123.com', the 'E-mail address confirm' field contains 'test@testing123.com', and the 'Username' field contains 'Testing\_Squad'. The 'I certify that I am 18 years old.' checkbox is unchecked. A validation message 'Please check this box if you want to proceed.' with an exclamation mark icon is displayed over the checkbox. The 'Sign Up' button is at the bottom.

**Conclusion:** Test successful.

3. If the user tries to register with already registered email address.

**Result:** Appropriate messages are displayed.

The screenshot shows a 'SIGN UP' form with a pink background. At the top, it says 'SIGN UP' in bold. Below that, it says 'You must be over the age of 18 to sign up to our service.' and 'Already have an account? Then please [sign in](#).' The form has several input fields: 'test@testing123.com' (with a red error icon), 'test@testing123.com' (repeated), 'Testing\_Squad', a checkbox for 'I certify that I am 18 years old.' (checked), 'Password', and 'Password (again)'. A red error message 'A user is already registered with this e-mail address.' is displayed below the first email field. At the bottom is a 'Sign Up' button.

**Conclusion:** Test successful.

4. If the user uses too common password.

**Result:** Appropriate message is displayed.

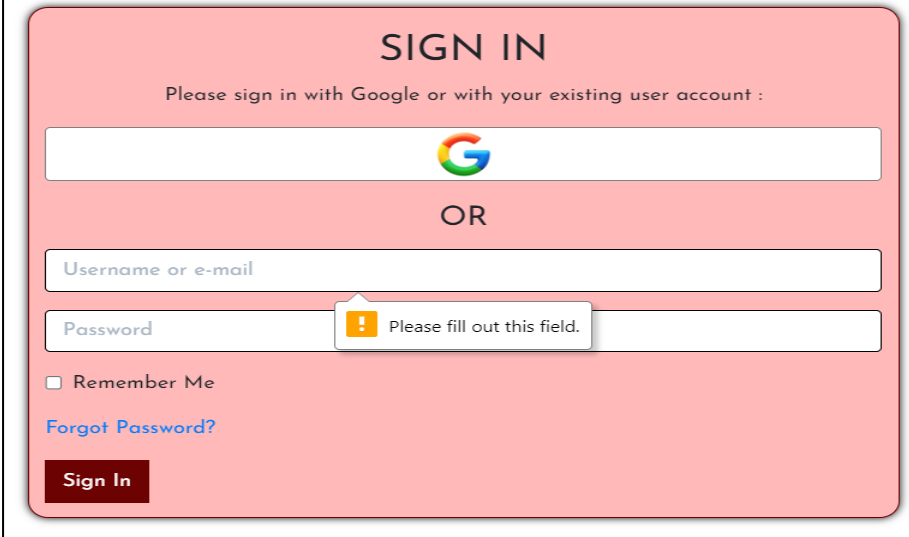

The screenshot shows a 'SIGN UP' form with a pink background. At the top, it says 'SIGN UP' in bold. Below that, it says 'You must be over the age of 18 to sign up to our service.' and 'Already have an account? Then please [sign in](#).' The form has several input fields: 'abc@123.com', 'abc@123.com', 'Testing\_Squad', a checkbox for 'I certify that I am 18 years old.' (checked), 'Password' (with a red error icon), and 'Password (again)'. A red error message 'This password is too common.' is displayed below the password field. At the bottom is a 'Sign Up' button.

**Conclusion:** Test successful.

## Sign In:

1. If the user clicks sign in without filling the fields.

**Result:** Appropriate messages are displayed.

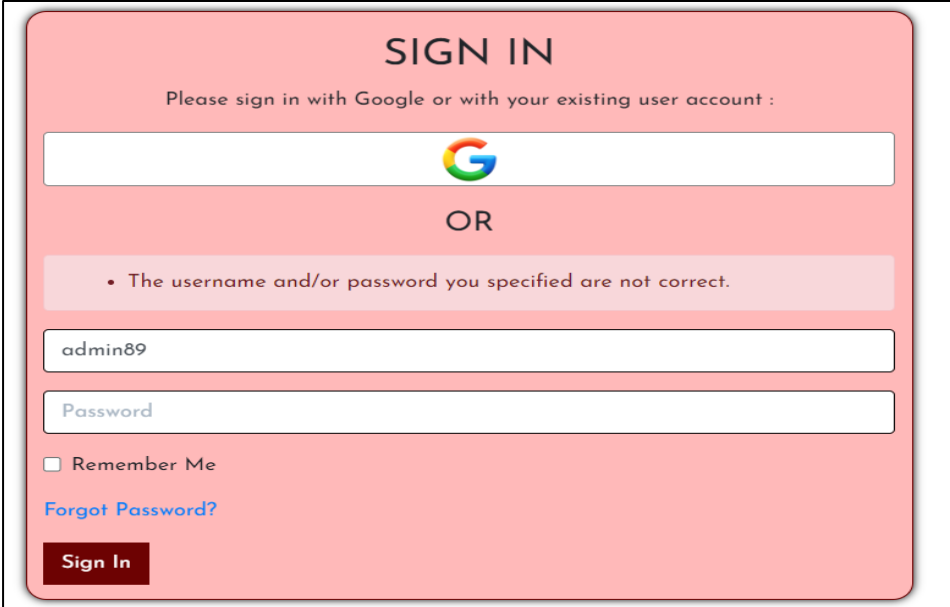

The screenshot shows a 'SIGN IN' form with a pink background. At the top, it says 'Please sign in with Google or with your existing user account :'. Below this is a Google logo button. Underneath is the word 'OR'. There are two input fields: 'Username or e-mail' and 'Password'. The 'Password' field has a validation message bubble that says 'Please fill out this field.' with an exclamation mark icon. Below the input fields are a 'Remember Me' checkbox and a 'Forgot Password?' link. At the bottom is a 'Sign In' button.

**Conclusion:** Test successful.

2. If the user clicks sign in with incorrect username or password.

**Result:** Appropriate messages are displayed.

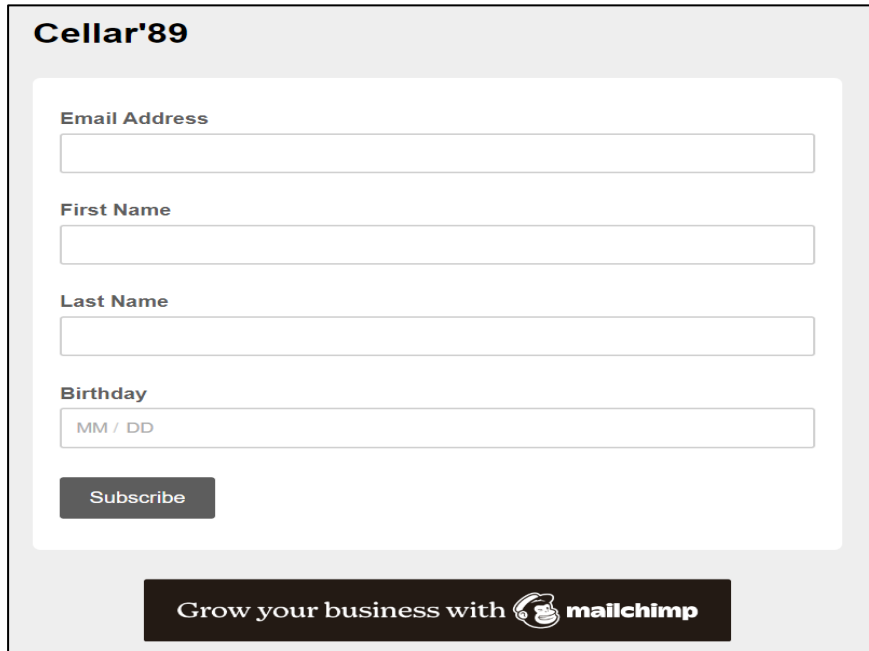

The screenshot shows the same 'SIGN IN' form. Below the 'OR' text, there is a red error message: '• The username and/or password you specified are not correct.' The 'Username or e-mail' field now contains the text 'admin89'. The 'Password' field is empty. The 'Remember Me' checkbox, 'Forgot Password?' link, and 'Sign In' button are still present at the bottom.

**Conclusion:** Test successful.

## Subscribe Form:

1. If the user clicks subscribe without filling the field.

**Result:** Form is opened in a new tab to fill the details.

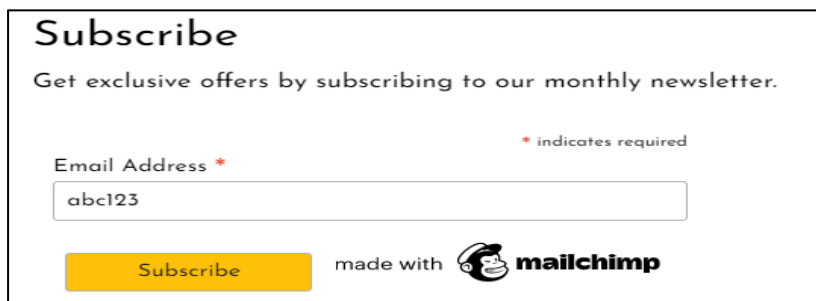

The screenshot shows a subscription form for 'Cellar'89'. The form is titled 'Cellar'89' in bold. It contains four input fields: 'Email Address', 'First Name', 'Last Name', and 'Birthday' (with a placeholder 'MM / DD'). Below the fields is a dark grey 'Subscribe' button. At the bottom of the form, there is a black banner with the text 'Grow your business with' followed by the Mailchimp logo and the word 'mailchimp'.

**Conclusion:** Test successful.

2. If the user updates the field anything other than email address.

**Result:** Form is opened in a new tab to fill the details.

The screenshot shows a 'Subscribe' form. The title 'Subscribe' is in a large, bold font. Below it is the text 'Get exclusive offers by subscribing to our monthly newsletter.' There is a small red asterisk with the text '\* indicates required' to its right. The 'Email Address' field is highlighted with a red border and contains the text 'abc123'. Below the field is a yellow 'Subscribe' button. At the bottom, there is a black banner with the text 'made with' followed by the Mailchimp logo and the word 'mailchimp'.

**Cellar'89**

**There are errors below**

**Email Address**

abc123

An email address must contain a single @
